

One Way to Fight Tuberculosis

Is to pay special attention to hygienic living and proper diet. Science is agreed that fresh air, rest and avoidance of food excesses constitute the most effective treatment in the early stages of this widespread and destructive affection.

Often, however, these measures need supplementing by proper medication. The system lacks sufficient resistance to overcome the attack, and something must be done to assist in upbuilding the patient's strength.

In many cases of this sort Eckman's Alternative has been used with marked success. Also, it has proved beneficial in relieving bronchial troubles and asthma.

Since it contains no opiates, narcotics or habit-forming drugs, it is safe to try.

O'Donnell's drug store, and other leading druggists.

Eckman Laboratory, Philadelphia.

Department Stores' Parade Contingents In Seventh Division

Pretty girls and women employees of Washington's biggest department stores, dressed uniformly in white skirts and waists and white duck hats, and each carrying an American flag, constituted the distinctive feature of the seventh division of the parade, which was devoted to commercial and industrial marchers.

At the head of the division were the two marshals—A. E. Landvoight and M. Sheets. The first section was composed of more than 500 insurance men, headed by Ralph W. Lee and O. B. Brown.

Goldenberg's had 370 employees in the procession, 30 of whom were girls. Twenty-five of the girls carried an immense American flag. A similar flag was carried by twenty employees from the firm

of Lansburgh's, which entered about 300 employees.

There were more than 1,000 young women from Woodward & Lothrop's. The men numbered approximately 700. The delegation was headed by S. W. Woodward. The active leader was W. W. Everett and the marshal was John N. Harding.

More than 600 young women from Kann's department store made an impressive appearance. Twenty young women from Phillipsburg's were extremely attractive in white skirts and colored sport coats. The Palais Royal also had an attractive delegation of marchers.

About 100 persons marched in the Builders and Manufacturers' Exchange section, led by Charles E. Welsh, John L. Parsons, and Andrew Murray.

The grocers and produce dealers claimed to have 1,000 marchers. At their head was N. H. Shea, N. L. Burchell and G. G. Cornwell. In advance was an automobile float, shaped like a boat and artistically decorated with flags. It was entered by R. W. Thompson, grocer, at Twenty-ninth street and Dumbarton avenue.

At the end of the grocers' section came the colored porters.

The shoe merchants formed an interesting section, approximately 250 marching, under leadership of Arthur C. Burt, president of the Retail Shoe Dealers' Association. Berberich's employees made a fine appearance in their red paper hats. William Hahn & Co. had a delegation of twenty-four.

Approximately 300 advertising men, including members of the staff of The Washington Herald, formed an interesting section.

The Chesapeake and Potomac Telephone Company Society marched 150 strong, under leadership of Walter S. Ward.

The Potomac Electric Power Company had seventy-five employees in line. Sol Minster's Band marched at the head of the section of 150 officials and employees of banks and trust companies. The delegation was headed by William T. Gallier, president of the Washington Bankers' Association.

Ten employees of the printing and en-

graving firm of Brewood were headed by Miss G. Osborne.

Thirty electricians from the Carroll Electric Company formed an interesting section.

The Equitable Life Insurance Company had fifty in line, led by William A. Bennett.

Twenty-five employees from the firm of Galt & Brother, jewelers, were headed by C. N. Caldwell.

Isidor Grosner, proprietor of the men's furnishings shop, had ten employees in line.

Hardware Men Parade.

Arthur J. May headed 150 hardware dealers in the procession.

A delegation of forty from House & Herrmann was headed by George Foltz.

About 100 marchers were mustered by Sidney West and Sidney Reizenstein.

Thirty employees of Munn & Co., patent lawyers, were led by Percy B. Turpin.

Seventy-five photo-engravers marched, headed by J. Harry Cunningham.

Headed by George Y. Worthington and J. H. Keane, the Real Estate Association made a fine appearance with its 150 marchers.

There was a good representation from the Temple School.

About 125 marched with the section representing the Washington Gas Light Company.

Several hundred employees marched in the section entered by the Washington Steel and Ordnance Company, which was accompanied by several floats bearing war munitions.

District, and yesterday was not a holiday for District employees.

To have declared it such would have meant that employees who are paid by the day would have forfeited a day's wage.

A day's pay to a "white wing" means something; and in order that they might take part in the parade, without losing their pay, they went to work at 6 o'clock yesterday morning, and finished their daily duty in time to join the eleventh division.

James William Munroe, riding a white horse, led the Eleventh division.

Following him were the other marshals—Joseph J. Jones, Harry H. Goodrich, Col. Arthur Brooks and Claude B. Amos.

The Morning Star Lodge of Elks, under the command of S. H. Brooks, past District deputy, marched first in this section. The standard of the order was carried by Elijah Coleman.

There was also a band, and the 285 lodge members were dressed in black frock coats and wore high silk hats.

Next in line were the Knights of Pythias, led by John S. Johnson, with 200 Washington members of the order.

LET US GIVE YOU MEDICAL ADVICE WITHOUT COST

If you Suffer From Rheumatism, Catarrh, Malaria; If You Have Chronic Sores, Pimples, Itchy and Blotchy Skin; If You Have Blood Trouble in Any Form.

In the laboratories of the Swift Specific Company, in Atlanta, trained physicians have been working for fifty years making the most careful and thorough study of all blood diseases. Those which are known to be handed down from previous generations and those contracted, but not necessarily of an hereditary nature. These blood diseases are commonly known as Catarrh, Rheumatism, Malaria, Eczema, Tetters, Rash, Hives, Salt Rheum, Lupus, Poisoned Blood, Scrofula and the blood troubles incident to old age. These are the blood diseases which have absorbed the time of our specialists in exhaustive experiments, rigid tests and laboratory work for upwards of fifty years.

A great many of these troubles you yourself have known. Possibly you are a sufferer from Catarrh, Rheumatism, Scrofula, Eczema or one of the many so-called skin diseases. If so, you doubtless have lotions, salves, douches and various "Sure Cures" to relieve yourself of your trouble, only to find in the long run that the treatment in many cases aggravated it rather than gave relief. Physicians in many cases are wrong in their methods of treatment of such diseases, and for the simple reason that they have not had the experience with blood diseases as have come under the observation and treatment of the specialists of the Swift Specific Company.

It is an undoubted fact that the sufferer from Rheumatism, Scrofula, Eczema, Malaria-Poison, and the so-called skin diseases is running a fearful risk to allow these troubles to continue. It is evident from their continued recurrence that they are not being given the proper treatment. You must realize that the trouble is in the blood whether contracted from the germs of other sufferers or inherited. Do not trifle with these diseases, but if you have the slightest manifestation of trouble, get a bottle of S. S. S. and write to us for medical advice; it is free.

If you suffer from any of the troubles mentioned, go at once to your druggist and get a bottle of S. S. S. It is the most marvelous blood cleanser and blood tonic known, and it will be what you need for the reason that the source of Rheumatism, Scrofula, Eczema, and Catarrh is in the blood, blood weakened and debilitated so it cannot perform its normal functions of giving strength and vigor to the body. S. S. S. will purify your blood, but we want to advise you of any additional treatment necessary and help to restore you to the glorious feeling of perfect health so you may feel the rich, pure blood tingle with vigor as it courses through your body.

Don't delay, but write today and let us give you medical advice absolutely free. Don't let anyone persuade you to take a substitute when you go to buy S. S. S. There is none "just as good." Write Medical Department 13, Swift Specific Co., Atlanta, Ga.
